OHA is Joint Lead Arranger for Private Unitranche Financing Supporting Berkshire's Acquisition of United Flow Technologies

New York, New York — Oak Hill Advisors (“OHA”) served as Joint Lead Arranger to support Berkshire Partners’ (“Berkshire”) acquisition of United Flow Technologies (“UFT”), a leading technical distributor and solutions provider to the municipal and industrial water and wastewater treatment sectors.

OHA’s longstanding relationship with Berkshire and extensive expertise investing across the flow control distribution ecosystem in both syndicated and private markets enabled it to underwrite the company quickly and deliver a constructive financing solution designed to support UFT’s next phase of growth.

“Berkshire has a strong history of scaling market leading platforms, and we are pleased to partner with them on this transaction,” said Alan Schrager, Senior Partner and Portfolio Manager at OHA. “UFT plays a mission critical role in ensuring reliable water and wastewater infrastructure, and we believe the company is well positioned to extend its leadership in a highly fragmented market.”

BMO Capital Markets also participated in this financing as OHA’s private credit joint venture partner.
